

Precise Signal Delivery

- Cutting-edge SpO2 Sensor Manufacturing Technology
- Auto-clavable (Option) and water-proof sensors
- Robust design and high durability
- Compliant with CE and FDA requirements
- Wide range of reusable and disposable SPO2 sensors for all types of patients
- Western quality with eastern prices
- Latex free
- Sensors and cables are available for most popular brands such as:
Nellcor, Philips, Nonin, Datex, Ohmeda, Nihon Koden, Datascope, BCI, Palco, Novamatrix,
CSI, Minota, Spacelab, Simed, Sensormedics, Mindray, Edan.....

**Ultra Soft Rubber Sensor – large version**

- Silicon housing
- Silicon or PVC cable
- Autoclavable & washable options
- Flexible and robust design
- Accurate & long life opto sets

**Ultra Soft Rubber Sensor – small version**

- Silicon housing
- Silicon or PVC cable
- Autoclavable & washable options
- Dedicated for small finger sizes
- Biocompatible, suitable for skin sensitive patients

**Finger Clip Sensor – large version**

- ABS housing, robust, solid structure
- Improved design for reducing ambient light affects
- Durable cables and optos

**Finger Clip Sensor – small version**

- ABS housing, fine design
- Soft side flap diminishing ambient light artifact as well as increasing patient safety
- Durable cables and optos

**Ultra Soft Wrap Sensor**

- Silicon housing
- Silicon or PVC (Optional) cable
- Washable
- Highly flexible design
- Accurate and long life opto sets
- Easy to clean and use

**Multisite Y Sensor**

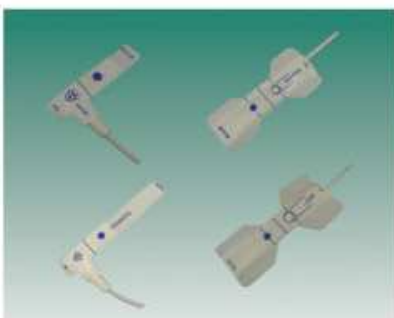

- Silicon housing
- Silicon or PVC cable
- For measuring at different body sites
- Highly flexible design
- Maximizing patient comfort
- Equipped with reusable or disposable fixing tapes

**Ear Clip Sensor**

- Ergonomic ear hanger to fit all patients
- Small & Light weight design maximizing patient comfort
- Easy to clean and disinfect

**Extension and Interface Cables**

- Available in different lengths for most monitors
- Equipped with retaining clip
- Durable material

**Disposable Sensor – Microfoam Tape**

- High flexibility and softness
- 3M Microfoam™ technology
- Available in 4 sizes
- Wide range of compatibility
- Cable Length 45/90cm
- Latex Free

**Disposable Sensor – Plaster Tape**

- High flexibility and softness
- 3M Plaster™ technology
- Available in 4 sizes
- Wide range of compatibility
- Cable Length 45/90cm
- Latex Free
